

# PUBLIC CONSULTATION ON THE FORMER QUINTA CLUB

We are continuing our consultation that started in March 2021 and we are grateful to everyone who has taken part and provided feedback so far. These proposals would renovate the derelict former Quinta Club building and create a new home for Barnet's School Libraries Resources Service (SLRS).

The SLRS is currently based in Hendon Library, where it has limited and sub-standard space. The Hendon Hub project is an opportunity to relocate the SLRS to a new location and facility. This will allow for an improved service for Barnet schools.

The SLRS is a service that supports teaching and learning by loaning books and resources to local schools. It is not a public library and the site would primarily be visited by staff, occasional delivery vehicles and those attending training workshops for school staff.

To allow more time for feedback, we have taken the decision to further extend the consultation. **Our public consultation will now close on Friday 4 June 2021.**

## WHERE CAN I FIND OUT MORE?

The project team is keen to hear your views. Our consultation website where you can view our current proposals and provide your feedback is open until Friday 4 June 2021:

## VIRTUAL EVENTS

In March 2021, we held four virtual consultation events where we presented our draft proposals and received really useful feedback. We will be holding further virtual events in the coming weeks to provide further opportunities for people to view the proposals and provide feedback to the project team. We will also be able to explain potential changes that could be made to the draft plans, building on feedback received and our recent design work.

**All presentations will take place online 6pm-7.30pm, and the dates are as follows:**

**Monday 10 May** – Former Quinta Club proposals

**Tuesday 11 May** – Osidge Lane proposals

**Thursday 13 May** – Main Hendon Hub proposals

**Thursday 20 May** – Main Hendon Hub proposals

Joining details for these events can be found on [www.hendonhub.co.uk](http://www.hendonhub.co.uk) or requested by contacting the project team.
